THIS GUIDE

Designed primarily for Year 11 pupils, this guide provides a quick overview of the options available at Cardiff and Vale College for anyone aged 16+. Go to our website cavc.ac.uk for lots more information about studying with us, details of our courses and to apply.

If you're looking for university level courses following sixth form or college, visit cavc.ac.uk/HigherEducation

WHY CAVC?

Each year thousands of young people join us after leaving Year 11 to study A Levels, a career-focused course or an apprenticeship. Here are just a few reasons why...

EXCELLENT GOOD

Our overall **student success rates** are among the best in the sector.

We pride ourselves on offering a **high-quality experience**. In our most recent inspection Estyn, Her Majesty's Inspectorate for Education and Training, rated us **Excellent** or **Good** across **all inspection areas**.

This year, more than **800 learners** are studying A Levels with us across more than 30 subjects.

800+

As one of the biggest colleges in the UK, we also offer a **huge range of career focused courses**. From Aircraft Engineering to Art and Design, Business to Beauty Therapy, Construction to Catering – there's so much choice!

SKILLS

We focus on creating **skilled and employable people** who stand out from the crowd and progress. All students have exciting experiences that help them develop and get a step ahead, including work placements, live industry briefs, community projects, guest speakers, international trips, national skills competitions and more.

ON CAMPUS AND ONLINE

As the first and only Microsoft Showcase College in Wales, all students have an element of online learning alongside face-to-face teaching on campus, providing a great additional skillset that employers value. Whatever happens, your high-quality education will continue.

WINNERS!

More CAVC students participated in national skills competitions – and won! **With our students being recognised as some of the best in the UK the what they do!**

NEXT STEPS

Our students have an excellent track record for progressing onto further learning or employment after leaving their course with **more than 1,000 going onto university study** in the last few years.

We have **brilliant teachers** with a wealth of expertise and experience, bringing knowledge that provides students with more than just a qualification. They're also friendly, welcoming and **award-winning!**

We have **amazing facilities** to learn in – from science labs to film studios, top class restaurants, salons and spas, and industry standard specialist centres for a range of areas.

SUPPORT

And our Support for Students has been **recognised as the best in the UK!** With our teams of specialist support staff working with teachers across the college to offer a wrap-around approach to each student including learning support, wellbeing, financial support and more, throughout your time at College.

CITY CENTRE CAMPUS

Location key: **City**

City Centre Campus is our main hub in the capital city. Just a five minute walk from Cardiff Central Train Station and a ten minute walk from the city centre, this campus includes seven different buildings all within a few minutes' walk.

The main building is our iconic £45m City Centre Campus which opened in 2015. This includes more than 200 inspiring teaching spaces plus some amazing facilities, including the 100-seat Theatre Michael Sheen; The Classroom Restaurant; urbasba salon and spa; specialist film, dance and music studios; science labs and lots of spaces to study, grab some lunch or take time out with friends.

Within just a few minutes' walk of this building are six specialist facilities:

CAVC Creative Arts Academy — our brand new dedicated space for art, design and creative courses — with vast studio space and specialist facilities.

CAVC Automotive Training Centre — including state of the art workshops and equipment for light and heavy vehicle maintenance, bodywork and spraying.

CAVC Construction Training Centre — a specialist centre for construction trades including brickwork, carpentry and joinery.

CAVC Building Services Centre — the specialist base for electrical, plumbing, tiling and more.

CAVC One Canal Parade — home to our huge range of courses for English for Speakers of Other Languages (ESOL).

CAVC Canal Park — a brand new sports facility with Dome and 3G pitch

Find out more, browse galleries or take a tour at
www.cavc.ac.uk/sites

BARRY

Location key: **Barry**

Barry Campus is our main hub in the Vale. This established campus has been the popular base for the College for almost 60 years.

This large site houses a huge range of facilities including The Glamorgan Suite restaurant; academi urbasba salon; specialist construction, building services and automotive workshops; a dedicated art and design floor and a wide range of teaching and learning spaces. There is also a busy canteen, shop and coffee shop on site for learners and plenty of on-site parking. Or just hop on a bus from Cardiff or the Vale and get dropped off just outside the campus gates.

EASTERN COMMUNITY CAMPUS

Location key: **East**

This multi-million pound campus opened in January 2018 and provides an inspirational base for a wide range of exciting courses.

It includes state-of-the-art classrooms and spaces to learn, specialist facilities including a training restaurant, salon, workshops for construction, building services and automotive trades, plus fantastic sports facilities including dance studio, gym and huge outdoor multi-use pitches. There are also dedicated spaces for CAVC students to study alone or take a break, as well as an on-site shop.

CARDIFF WEST COMMUNITY CAMPUS

Location key: **West**

This brand new multi-million pound campus opened in 2019 and is the base for a wide range of career-focused courses offered by CAVC. The vast dedicated Sixth Form Centre is a fantastic space for post-16 learning. With a wide range of specialist classrooms, computer suites, specialist creative facilities, excellent sports facilities, and inspirational places to learn or spend time with friends, this site is a great place to study.

CARDIFF INTERNATIONAL SPORTS CAMPUS

Location key: **CISC**

Our home for CAVC Sport – this inspirational site includes classrooms, computer suites and great spaces to learn alongside top-class sporting facilities including a gym, fitness suites, airdome enclosed 3G pitch, multi-use outdoor 3G and grass pitches, performance analysis suite and professional athletics track. It is home to our Sport and Public Services courses and a fantastic facility for our sporting academies to develop their talents.

INTERNATIONAL CENTRE FOR AEROSPACE TRAINING

Location key: **ICAT**

This renowned campus is a specialist centre of excellence for the Aerospace industry – training individuals and working with employers from the sector across Wales, the UK and the world. Situated right next to Cardiff Airport, it is the base for all Aerospace and Aviation Science courses and some Travel and Tourism courses. This fantastic facility includes a huge workshop space with aircraft, state-of-the-art flight simulators, Avionics lab and a wide range of spaces to learn or spend time with friends, including an onsite cafe.

Find out more, browse galleries or take a tour at www.cavc.ac.uk/sites

SUPPORT

Our support for students has been awarded the best in the UK! At CAVC we will support you to achieve your goals. Your teachers are there for you and you can access support from our specialist teams too.

WE PROVIDE...

COURSE AND CAREERS ADVICE

Our specialist Careers team can help you to choose the right course. They are also here to help you to progress after your course – providing support with applying for university, applying for another course, developing your CV or gaining employment.

FINANCIAL SUPPORT

Find out about the Education Maintenance Allowance (EMA), Free School Meals and help with travel and other costs.

ACTIVE WELLBEING

Our Active Wellbeing team offer a wide range of sessions, activities and advice to help you to keep your mind and body healthy.

WELLBEING SUPPORT

Our Wellbeing team includes Wellbeing Officers and Counsellors here to support mental health issues, attendance, advice and guidance and to support other pastoral issues you may have in college.

SUPPORT FOR ADDITIONAL LEARNING NEEDS

Our experienced team provide specialist support for a wide range of learning difficulties or disabilities including dyslexia, dyspraxia, visual/hearing impairments, mobility issues, ADHD, autism and serious illness.

SUPPORT FOR WELSH-SPEAKING LEARNERS

If you are joining us from a Welsh-medium school we want to encourage you to keep using your Welsh - it's great for you and your future career. We have Welsh-medium and bilingual courses across the College, so you can continue to learn through Welsh. You can also be assessed in Welsh whatever you're studying. Our Welsh Champion teachers and Student Ambassadors are there to encourage you, help you to access support and use your Welsh.

GCSE RE-SITS

Didn't get a C grade or above in GCSE Maths, English or Welsh? Alongside your College course, you can re-sit if you gained a D grade or higher. If you achieved a lower grade or no grade, you can start a programme of study alongside your course to boost your skills to get there.

CARE EXPERIENCED YOUNG PEOPLE

Offering wrap-around support during your time at college including financial, wellbeing and study support.

FIND OUT MORE

Go to www.cavc.ac.uk/support

You'll find further information and contact details for each specialist team, so you can get in touch for a chat before starting College. You can also contact our Student Services team throughout the year for advice and to be signposted to the right team. **Contact them on:**

Live Chat: www.cavc.ac.uk and click on the LiveChat icon

Phone: 02920 250 250 email: studentservices@cavc.ac.uk

"As someone who was in Welsh medium primary and secondary school, moving somewhere English based is intimidating, but integration has been amazing here. I adore the ability to use Welsh language at the College, its an amazing place to use it!"

Katie Hill
A Levels

SUPPORT FOR YOUNG CARERS

We hold the Young Carers Federation quality mark for our support for young carers and work with you to make sure you access any support you may need whilst at College.

"The ALN team are brilliant. They have helped me through so much. They don't just ask you about College, they ask how things are at home and care for you on a personal level."

Sean Williams

IT Level 2 and formerly Vocational Access

OPPORTUNITIES

At CAVC there are so many opportunities outside of your course. **Compete. Represent. Enjoy. Develop. Stand out from the crowd!**

CAREERS AND IDEAS

Our Careers and Ideas team are here to inspire and support your future progression. Whether you want to progress in College, go onto university, apply for an apprenticeship or job, or have no idea what you should do next, they can help.

They run exciting sessions online and on campus that all students can sign up to. These can include talks and other activities with employers, universities and inspirational speakers from all walks of work and life.

CAREER READY

The Career Ready programme links students with a fantastic line-up of employers to access mentoring, masterclasses, workplace visits and even internships.

Students from across the college can apply to take part on this programme which has seen students use the experience to support university and employment applications. Some have even progressed into work after their course with the companies they were partnered with.

Megan Harrington, Business & Career Ready

Megan joined the Career Ready programme alongside her business course and undertook a six-week internship at an international law firm in London. Inspired by the experience, Megan went onto study Law at university and has since mentored a Career Ready student herself!

SKILLS COMPETITIONS

Each year hundreds of students compete in industry skills competitions – aiming to be the best in their chosen career area. You can compete against the best from our region, Wales, the UK and even the world! From Beauty Therapy to Cyber Security, Automotive to Catering – more students than ever before are competing and winning. Some of our students have won competitions – being recognised as the best at what they do in the UK! Take part and you have a brilliant addition to your CV to progress to university or gain employment.

Ieuan Jones, Catering & Hospitality & International Skills Competition Winner

Ieuan flew to India to participate in the Young Chef Olympiad. Competing against young chefs from across the world, Ieuan won Best Dessert Creation!

WORLDSKILLS

WorldSkills is the largest and most prestigious skills competition. It's the 'skills olympics', run across 80 countries, with the goal of creating excellence in work in lots of different careers. CAVC is one of the first UK WorldSkills Centres of Excellence – with some of our students chosen to represent Team UK and compete against the best talent from across the world. This year, more CAVC learners than ever before have been chosen to compete in the WorldSkills UK Finals, in sectors including 3D Game Design, Automotive, Forensic Science, Restaurant Service/ Hospitality, Wall and Floor Tiling and Web Design.

Kaiden Ashun, Electrotechnical Apprenticeship & UK Skills Competition Winner. Kaiden went up against 2,000 people from across the UK to compete for the Screwfix Trade Apprentice of the Year 2021 contest – and won!

GET ACTIVE!

At CAVC we encourage the benefits of active wellbeing for your body and mind for everyone. There are lots of opportunities for all students to get involved in regular clubs and activities. If you're serious about your sport, you may want to join one of our sports academies - turn over to find our more!

Ben Thomas, A Levels & CAVC Rugby Academy

Ben studied A Levels and was CAVC's first Rugby Academy Captain. He progressed to university and is now a professional rugby player with Cardiff Rugby and a capped senior Wales player.

COMBINED CADET FORCE

The College has its own Combined Cadet Force (Army). Join up and you will take part in adventurous outdoor training activities, drills, volunteer and charity work, and have the opportunity to undertake Duke of Edinburgh awards.

JOIN A CLUB

We offer a range of clubs and opportunities throughout the week, from Debate Club to Drama, Sign language to Welsh. Got a passion? We can even help you start your own club for fellow students to join.

THE SCHOLARS PROGRAMME – SUPPORTING OUR MOST ACADEMICALLY ABLE STUDENTS

This dedicated programme supports our most academically able A Level learners to achieve and apply to some of the most competitive universities in the UK and across the world.

Oscar Griffin, A Levels & Scholar's Programme

Achieved A* in Classics and English Literature & an A in History and is now studying Classical Latin and Greek at Cambridge University.

REPRESENT STUDENTS!

Be a course rep, student sabbatical officer or work for the student union!

We listen and involve our students in making the College the best it can be. You can become a Course Rep and feedback the views of your class to the College through focus groups, think tanks or meetings.

Or be part of our Student Union (part of the National Union of Students) or a Student Sabbatical Officer and champion students or areas you feel passionately about developing, such as Active Wellbeing, LGBT+ or Environmental issues.

CAVC SPORT ACADEMIES & ELITE SPORT

Cardiff and Vale College is a leading college for sport – providing an inspirational environment for you to focus on your chosen sport whilst also gaining a quality education. We are serious about sport and invest in the best facilities, coaching, contacts and wrap-around support to help you achieve your sporting goal.

WE OFFER

OUTSTANDING FACILITIES

Cardiff International Sports Campus (CISC) is our dedicated home for CAVC Sport. This large facility includes grass, 3G and 4G pitches, state-of-the-art sports dome, full size athletics track and stadium, large gym and analysis suite. In addition, at our City Centre Campus we have a high-performance strength and conditioning gym and brand-new state-of-the-art sports dome and 3G pitch.

FIND OUT MORE AT
cavc.ac.uk/sportacademies

SPECIALIST ACADEMIES

We offer specialist academies in sports including Rugby, Football, Basketball, Netball and Cricket.

COMPETITIVE FIXTURES

All our academies play in regional and Welsh Colleges Leagues. Academies also compete in high profile Welsh and UK competitions and tours in the UK and overseas.

ONE #TEAMCAVC

We are proud of our sporting talent at CAVC. Partnered with macron, we provide access to our renowned kit packages – so you become recognised as a member of CAVC Sport with staff and students of the biggest college in Wales right behind you!

THE RIGHT BALANCE

We work with you, your teachers and coaches to ensure your studies and your sports commitments don't conflict. We create the right balance for you to reach your potential in both.

PROFESSIONAL PARTNERSHIPS

We work in close partnership with the leading sports teams in our region including Cardiff Blues, Cardiff City FC, Celtic Dragons and Glamorgan Cricket.

PROFESSIONAL SPECIALIST COACHING STAFF

Our academies are led by professional coaching staff, with a network of contacts and significant experience of competing, coaching, developing and progressing future talent.

A REPUTATION AND TRACK RECORD FOR GROWING TALENT

With our students gaining professional and semi professional contracts, and going on to represent their country in their chosen sport, as well as progressing to university and into careers alongside their sport.

PARENTS

If you're a parent wanting to know more about CAVC, what we offer and how we support our students, we have a dedicated Parent Guide just for you. You can download a copy from our website or order your own printed copy to your door.

Visit www.cavc.ac.uk/order-a-guide

OUR COURSES

WHAT CAN I STUDY?

There are two ways you can learn with CAVC – choose a **full-time course** or apply for an **Apprenticeship**, the choice is yours.

FULL-TIME COURSES

This is the most popular way for 16-18 year olds to learn at CAVC, with around 5,000 people studying full-time courses each year!

You will usually study between 16-22 hours each week – with a mix of on campus and online learning, plus work-related placements and other opportunities offered through the year. Full-time courses are offered in all areas. They are also offered at different levels – Entry Level, Level 1, Level 2 or Level 3. Usually the level you do is based on the grades you get at GCSE. However, for very practical courses such as hairdressing, brickwork or bakery, everyone starts at the lowest level.

When applying for a full-time course at CAVC, choose the level of course best suited to you. You can use your predicted grades for GCSE to help or speak to your teachers or our advice team at the College. The level you will study will be confirmed on enrolment and upon seeing your qualifications and results. We will work with you to ensure you are on the right level of course.

Here is a quick overview of the different levels – the types of courses at each level and typical entry requirements for each:

L3 LEVEL 3

Includes full-time AS/A Levels or a career focused qualification such as BTEC or Extended Diploma – equivalent to 2-3 A Levels, but just in that one subject.

Most Level 3 courses carry UCAS points, so you can progress to university after successful completion. Level 3 courses develop in-depth knowledge and high level skills in a subject.

Entry requirements:

usually a minimum of 5 GCSEs grade A*–C, including English and Maths.

L2 LEVEL 2

Includes career focused qualifications such as BTEC and Diploma or NVQ 2. Level 2 courses develop a good overall knowledge of a subject.

For many career areas this is the minimum level qualification required to work in a particular industry.

Entry requirements:

usually a minimum of 4 GCSEs grade D or above, ideally including English and Maths.

L1 LEVEL 1

Includes career focused qualifications such as NVQ 1. These courses give an introduction to a subject, developing your practical skills and building your knowledge.

Entry requirements:

usually a minimum of 4 GCSEs grade E–G.

E ENTRY

These courses provide an introduction to a subject.

They often involve additional support for those studying the course to help your development.

Entry requirements:

no formal qualifications required.

Remember – the entry requirements shown are typical; however some courses vary so please check the course information sheet on the website for exact entry requirements.

For some courses there will also be additional entry criteria such as a successful interview, audition or skills test – all to ensure the course is right for you.

APPRENTICESHIPS A

Apprenticeships are a great way to train. Start a full-time job in the career area you wish to work in. Then work, earn and learn alongside this, coming into college usually for one day per week. Develop practical skills in your job and be assessed whilst working as well as in college. CAVC is one of the biggest providers of Apprenticeships and now has more Apprenticeships than ever before! Apprenticeships are run in most areas and are offered at different levels. To apply for an Apprenticeship you will need to find yourself employment with an employer who is happy for you to come to college and undertake your Apprenticeship qualifications alongside work.

STEP 1

Find an employer

Careers Wales publishes Apprenticeship vacancies online via the **Apprenticeship Vacancy Service** where you can search vacancies across Wales. Cardiff and Vale College works with many employers each year to offer Apprenticeships. Visit careerswales.gov.wales/apprenticeship-search for the latest vacancies.

Apprenticeship vacancies are sometimes advertised in the job sections of newspapers or you could also approach an employer directly.

If you're already employed, then we can offer advice and guidance to both you and your employer about the process of arranging an Apprenticeship programme for you.

STEP 3

The agreement

You, your employer and the College will agree an Apprenticeship programme of learning.

HOW TO APPLY FOR AN APPRENTICESHIP

STEP 2

Get in touch with us

Contact our Apprenticeships team to discuss if you are eligible for an Apprenticeship programme. Call **01446 748212** or email apprenticeships@cavc.ac.uk to find out more about CAVC Apprenticeships run at a Cardiff and Vale College site.

You will be required to undertake a literacy, numeracy and digital literacy initial assessment and an interview ahead of step 3.

STEP 4

Sign up and enrol at CAVC

Complete the process by enrolling onto your apprenticeship training programme and you're all set.

WHAT ARE THE BENEFITS OF AN APPRENTICESHIP?

- ✓ Earn a salary while you train
- ✓ Receive expert training
- ✓ Gain nationally recognised qualifications
- ✓ Develop job-specific skills for your career
- ✓ Start your career straight from the word go
- ✓ Get lots of support from your employer, college tutors and your training co-ordinator and assessors.

WHAT ARE THE ENTRY REQUIREMENTS FOR STARTING AN APPRENTICESHIP?

Anyone who is over 16, living in Wales and not in full-time education can apply for an Apprenticeship. You will need to gain employment in the sector you wish to work in before applying to Cardiff and Vale College for your training. You will also need to undertake an initial assessment in numeracy, literacy and digital literacy.

A Levels

Studying A-Levels is a great way to prepare for university study. Our full-time A Level programmes are aimed at schools-leavers and you can choose from one of the widest choices of AS and A Levels in the region. We work with schools in the region on shared timetabling – which means you can also choose to stay at school and come to CAVC for an A Level subject not offered at your school. All students also study the Welsh Baccalaureate as part of the AS/A Level programme, giving you a broader experience and range of opportunities to develop.

Most of our A Level students study at our City Centre Campus and benefit from fantastic subject specific facilities. These include a dedicated Science, Technology, Engineering and Mathematics Centre with impressive industry standard specialist laboratories. Our general teaching rooms are also exciting spaces and all students have access to the huge Success Centre for out of lesson study.

cavc.ac.uk/ALevels

*this can be studied alongside an A Level or AS.

YOUR CAVC

As an A Level student you can choose from a wide range of activities to widen your skills and experience, to help you boost your CV and UCAS Personal Statement and stand out from the crowd. These range from **European exchanges**, joining the **Student Union**, being a member of one of our successful **Sports Academies** or **clubs** or being part of our volunteering or extra-curricular programmes.

YOUR FUTURE

In the past few years, more than **1,000 students progressed to university level study from CAVC!** If university is your goal we provide advice and guidance on university choices, UCAS applications and personal statements. **Our support team** in the College is here to help you apply to university and progress. We also have regular expert talks and **visits from universities** across the UK.

SCHOLARS PROGRAMME

Our Scholars Programme is designed for learners who show academic excellence and want to broaden their learning beyond the confines of the traditional A-Level Curriculum.

A team of dedicated Scholar's Tutors will support learners in the admissions process for study at the top universities in the UK like Oxford and Cambridge, along with competitive courses like medicine, dentistry and veterinary studies.

Alongside this, CAVC Scholars will complete the Cambridge Pre-U Global Perspectives and Research Project to equip themselves with the skills and knowledge they need to succeed at a top-level university.

I did have the option to study at my high school's sixth form, but I thought CAVC would give me a better preparation for university and also allow me to have more independence. I met a lot of great people from various backgrounds and walks of life; I liked the diversity within the College.

I participated in the Career Ready program which was very enriching and gave me some knowledge of the labour market and how to make myself more employable.

Bianca Zerbini

Former A Level student who achieved 2 A* in Art and Maths and A in Physics and has now progressed onto the University of Bath to study Architecture.

READY TO APPLY?

Applying to CAVC is quick, simple and all online! Visit: www.cavc.ac.uk/apply

Aerospace and Aviation Science

Train for a career in Aerospace – with exciting opportunities to work in Wales and across the world. All our Aerospace and Aviation Science courses are based at our International Centre for Aerospace Training (ICAT). This iconic centre includes specialist workshops, laboratories and a huge, real-life hangar with aircraft where you will develop your practical skills. The Centre has fantastic links with industry. This means you gain the right knowledge, skills and industry qualifications on your course or Apprenticeship, as well as industry work placements – all preparing you for a career in the aerospace industry.

YOUR CAVC

The College's International Centre for Aerospace Training has many **links with industry, offering opportunities for work experience and placements** for CAVC students with the likes of British Airways, AerFin, Caerdydd and GE Aero.

YOUR INDUSTRY

The UK Aerospace industry remains as number two on the world stage and the largest in Europe. £35bn turnover, 123k direct employees and 3.9k Apprentices. Wales is a centre of excellence for Aerospace manufacturing – over 160 companies employ in excess of 23,000 people. It has around 10% of the UK's aerospace industry which includes 20% of the UK Maintenance Repair and Overhaul (MRO) market. Aerospace Wales Forum (2019).

YOUR FUTURE

After CAVC **many students progress on to employment**, apprenticeships and trainee roles in engineering and aerospace companies across South Wales and beyond. Other students progress on to a related university course across the UK, with some choosing to stay at ICAT to study our unique BEng (Hons) Aircraft Engineering degree run in partnership with Kingston University.

“

What stood out for me about Cardiff and Vale College were the fantastic facilities at ICAT and the smaller class sizes. I have the ability to spend one to one time with the lecturers who are very patient and help you understand the work being carried out. Having that experience with people who have a wealth of knowledge about the industry is invaluable.

I have bonded and formed great friendships with my classmates over the duration of the course. Being able to see the design and electrical aspects come together to create a glider plane was the highlight of my course for me. Once I finish this course, I hope to complete a graduate scheme or progress into full-time employment within the Aircraft industry.

Harri Stallard

Former Level 3 Aircraft engineering student, now studying the BEng in Aircraft Engineering at CAVC.

YOUR CAVC

Students get the chance to gain real live brief experience **developing exhibitions for renowned venues** such as National Museum and Gallery Wales and developing work for **high profile projects and organisations** such as Roald Dahl City of the Unexpected, Motorpoint Arena, BBC Introducing, BBC Digital and Royal Opera House.

YOUR INDUSTRY

The Creative industries is one of the fastest growing sectors in Wales with an annual turnover of £1.9bn. Within the Creative industries, there are nearly 3,000 job openings predicted from now until 2024 and a 16% growth in Cardiff Capital Region (EMSI, 2018). Average earnings within the Cardiff Capital Region was over £30,000. (EMSI, 2019)

YOUR FUTURE

Many students go on to **study university courses across the UK**, as well as onto one of the great range of Foundation Degrees we run at CAVC in subjects including Film, Games Art and Design, Graphic Design, Performing Arts, Product Design, Contemporary Artist Designer Photography and Music. Others use the experience they have gained on their course to go straight into employment in areas such as Graphic Design, Website Design and Media Production.

In Art & Design – Foundation, I have specialised in fine art where I was allowed to experiment with different media. This year I've focused mostly on textiles, photography, and videography. During my time at the college I learned to sew, rework clothes, and make outfits. I have experimented with photography, videography, and made a YouTube video.

My highlight of this course is learning to sew and being able to explore all of the themes that I wanted to and producing a really cool cowboy project. My plans after college are to go to Brighton University and study fashion design and business studies so that I can then go on to potentially own a store. This course allowed me to find my specialty and, with the support from my tutors, I was able to learn and refine my skills.

Caitlin Rees

Previously studied Art & Design level 3, and Art & Design – Foundation level 4.

YOUR CAVC

CAVC Automotive students have a great track record for success, **representing Wales and winning medals at the prestigious World Skills UK finals.**

YOUR INDUSTRY

Wales has about 8% of the UK's automotive manufacturing and has a skilled workforce of 18,000 people and a £3 billion turnover annually. Two luxury car-makers have turned to Wales for their latest developments. Aston Martin Lagonda is expected to create around 750 high-value jobs in the Vale of Glamorgan. TVR have secured a new site in Wales to build their new sportscar. In addition, BritishVolt are developing plans for a gigaplant factory in the Vale of Glamorgan potentially leading to 3,500 jobs for the region.

YOUR FUTURE

Most students progress directly into employment in the industry after college in jobs such as Mechanic, Body Repair specialist or Quality Engineer. Some students continue their training with us – taking higher level industry qualifications once in work.

Studying at CAVC has been really enjoyable. The automotive facilities are fantastic, and as I really enjoy the practical aspects of my course this was really important to me. My tutors have been brilliant and I've also had the opportunity to take part in the WorldSkills UK competition where I came second. After finishing my course, I want to be a fully qualified technician in Body Repair and Paint. The college has helped me achieve my goal and gotten me where I am today.

Omer Waheed

Current Level 3 Vehicle Body Repair - Apprentice

Building Services

Our Building Services courses and Apprenticeship programmes train you to become a skilled and qualified tradesperson in a variety of trades such as Plumbing and Electrical Installation. You will study in our dedicated construction and building services centres and facilities. These include classrooms for theory and huge trade-specific workshops where you develop your practical skills each week.

When you apply to study a Building Services course with us you will start by studying a Pre-Foundation or a Foundation course (depending on your GCSE results). On these courses you focus on developing skills in two trades. Once you've successfully completed the Foundation programme, your next step is to select one main trade to study at a higher level and start your career.

YOUR INDUSTRY

According to EMSI 2019 data, the construction sector is due to grow by 9.4% in the Cardiff Capital Region over 2019-2025. This increase would lead to 4,000 additional jobs over that period and average wages reaching £30,000.

The Construction Industry Training Board (CITB) predicts UK employment in construction will grow for the fourth consecutive year at 0.5 per cent a year on average to 2022. Additionally, Wales leads UK construction growth for the fourth year running at 4.6% with an estimated 12,250 additional jobs by 2022. (CITB 2018).

I chose the College because I'd studied here before and I knew what to expect. Studying here is great – there's excellent mentorship and support plus it's a very diverse place to learn. My tutor Geoff has been responsible for entering me in competitions throughout my time at College and I beat 2,000 other candidates to win the Screwfix Trade Apprenticeship Award. I owe that to him. In the long run I'm looking to open my own business and the College is definitely helping me achieve my goals.

I look back to last year and I never thought I'd have the skills or confidence I have now. If you're a young person looking to sign up to this course, I would highly recommend it. It's the best thing I've done career-wise.

Kaiden Ashun

Current Electrotechnical Apprenticeship, Year 3

YOUR CAVC

Our Career Ready programme sees the business community pass on their knowledge and experiences to you. **Alongside your course, the programme offers a mentoring scheme, workplace visits and internships.** CAVC is recognised for business – accredited by professional industry bodies including AAT, CIM and CIPD.

YOUR INDUSTRY

The Financial, Legal and Professional Services sector remains one of Welsh Government highest performing sectors by GVA to the Welsh Economy. Wales has the fastest growing digital economy outside of London which has led to a thriving financial technology sector (fintech). Business News Wales (2019). By 2025 this industry is predicted to grow by 9% across the Cardiff Capital Region, leading to 9,000 additional jobs. (EMSI 2019).

YOUR FUTURE

In recent years our students have progressed straight into careers in finance, business development, sales, marketing, retail and more. Many Level 3 students also go on to university courses across the UK in business or related subjects. You can even study university-level courses at CAVC.

After finishing high school, I looked up the different opportunities available to me as I already had an interest in business so I applied to the course at CAVC.

There are lots of aspects I enjoy about coming to college; particularly the freedom of being able to work on assignments at home, and the independence of college. I've also really appreciated how the tutors have been so helpful, always there to offer support and advice when I've needed it.

My highlight has been the fact that course covers a broad area of topics, there is a wide variety from finance, to customer service and marketing, which then gives you a lot of opportunities for when you go out to look for jobs, or setting up your own business which is what I would like to do in the future.

I would definitely recommend someone to come to Cardiff and Vale College, there are lots of different people from a variety of backgrounds, with different ambitions and goals and it's been great to get to know everyone and learn from each other.

Finlay Sullivan

Currently study Business level 3, year 2

YOUR CAVC

Our restaurant **The Classroom** has been awarded the first AA College Rosette in Wales, as well as being named Restaurant of the Year in 2017 at the Cardiff Life Awards. Our students have also represented Wales in a prestigious international competition for young chefs the **International Young Chef Olympiad 2019 held in India**.

YOUR INDUSTRY

Cardiff Capital Region currently has over 78,000 jobs in the Hospitality and Catering Sector and this is predicted to grow 4% by 2025. (EMSI 2019). The Welsh Government plans to grow the industry substantially and have put an action plan in place, creating more jobs and opportunities for the industry.

YOUR FUTURE

Most students choose to **progress into industry**, gaining employment as chefs, pastry chefs or bakers, or front of house. Our students have gone on to work at Michelin star restaurants and five star locations across Wales, the UK and the world.

I chose to study at Cardiff and Vale College because school wasn't for me, and I wasn't interested in any of the subjects. Then I saw the College online and I haven't looked back. The course has opened loads of opportunities for me – I got to the semi-finals of the Nestle Torgue d'Or and won in Skills Competition Wales and will compete in WorldSkills UK. This course has made me really excited for my future. I hope to go on and do the Level 4 and see where it takes me. The College is helping me achieve my goals because I've achieved so much already.

Ruby Pile

Former Hospitality level 2 student, current Hospitality Management level 3 student

YOUR CAVC

All care courses have a big emphasis on work placements – to make sure you get the practical experience that develops your employability, CV and career prospects.

Our Employability team works hard to find the best range of settings for student placements including nurseries, schools and a wide choice of NHS settings.

YOUR INDUSTRY

Currently, there are almost 108,000 people employed within this sector in the Cardiff Capital Region, with employment numbers expected to reach 111,000 by 2025 (EMSI 2019). Projections also indicate that around 20,000 more employees will be needed over the next 10 years. (Social Care Wales 2018)

YOUR FUTURE

Many students progress into employment in their chosen field after completing their course. **This includes roles in nurseries, childcare centres, care homes and youth work.** Many Level 3 students go on to university courses including Child Development, Youth and Community Care, Nursing, Social Care and Teaching. You can also study a university course at CAVC, with a Foundation Degree in Youth and Social Care and a popular Education, Learning and Development course.

Find out more...
Go online cavc.ac.uk/Care

What I've enjoyed about my course is going out to do my placements and that the college is local to me. The highlight of my course has been meeting new people, and my tutors. My tutors have been so supportive and lovely – I have dyslexia and they have given me additional support when I've asked for it. Once I left school I started on my entry level course, then progressed to level 1 and 2, and have now finished the first year of my level 3 and am on the second year. After finishing this course, I hope to progress on to university to become a qualified primary school teacher.

I've really enjoyed studying at Eastern Community Campus, we are separate from the school, and it is very local for me which has been great.

Jessica Thomas

Former Entry Level, Level 1 and Level 2 Childcare student, currently studying Level 3 Children's Care, Play, Learning and Development Year 2

My favourite thing about studying the course is learning to understand the theory behind what I do in the workplace, where I can put theory and the practicality hand-in-hand together to make the best outcome for my job. My highlight from the course is learning the maths and the structures behind construction. I do a lot of the drawings in work already, so getting the mathematical side of it is intriguing. If you're interested in a course in construction, I'd say that it doesn't matter who you are, you can make it in construction. The people in my college are changing all the time and it's definitely not a male based industry anymore.

Lauren Willacott

Former Construction & Civil Engineering level 3 apprentice, now progressed on to the Construction and the Built Environment (Civil Engineering) level 4 higher apprenticeship.

YOUR FUTURE

After completing your qualification most students progress into employment in the construction industry. This includes jobs with large employers such as Willmott Dixon, Redrow and smaller construction companies or even starting their own business.

You will also have the chance to develop your skills through opportunities including running coaching sessions or undertaking work placements in sport. Our Sport courses cover all aspects of sport – from sports and exercise science, to sports performance and excellence. Our Public Services courses are designed to prepare students for successful entry into any of the uniformed public services so the learning is focused upon investigating the work of the Police Service, Fire & Rescue Service, Ambulance Service, Armed Forces and Prison Service.

YOUR CAVC

Our Sport courses and Cardiff based Public Services courses are delivered at the new home for CAVC Sport in Leckwith – Cardiff International Sports Campus. With the **latest in facilities** including Airdome enclosed 3G pitch, fully equipped gyms and athletics track there's no better place to be if you're serious about sport.

YOUR INDUSTRY

Currently, there are over 13,500 people working in Public and Uniformed Services occupations and almost 9,000 people employed in sports occupations with 1.6% growth predicted until 2025. (EMSI, 2019)

YOUR FUTURE

Many students choose to take a professional industry qualification with CAVC after the age of 18 to become a qualified Gym Instructor or Personal Trainer. Others go on to higher education with universities across the UK, or stay at CAVC to take the **well-respected HND in Sport Coaching and Performance** or Strength Coaching and Rehabilitation run in partnership with Cardiff Metropolitan University.

My highlight of the college has to be meeting people who have just as much of passion for sport as myself, and the facilities. I really enjoy the practical sessions that we do on the course, including the sport coaching, research methods and human anatomy.

My sporting passion is tennis, running and gym fitness. I've enjoying my time at Cardiff and Vale College as they are very supportive of my tennis career.

What I like about the college is all the facilities which are here, I can use the running track, gym and tennis courts at House of Sport.

When I finish college, I want to go to an American University, maybe California or Texas on a sport scholarship for tennis to studying coaching.

Nicole Kells

Current Sport (Bilingual) course level 3, year 2 student.

YOUR CAVC

The College has many links with industry offering **opportunities for work experience and placements** for CAVC students with the likes of **British Airways, TUI** and **Virgin Atlantic**.

YOUR INDUSTRY

Tourism is the UK's 5th largest industry and supports 3 million jobs, there are more than 200,000 Small to Medium sized businesses and that is growing all the time (CAVC LMI Update, 2015). Tourism in Wales is a £5 billion industry. Currently, more than 70,000 people are employed in Cardiff Capital Region. There is a 70% net growth predicted over the next 5 years. (EMSI 2019).

YOUR FUTURE

Many students go straight into employment in roles in hotels, events management, tourist attractions and holiday resorts. **Progress onto our renowned Cabin Crew part time course** and join students who have gained employment with airlines including **Emirates, British Airways, Virgin, EasyJet** and more.

“

I chose CAVC because I knew that I wanted to study a course that would help me get to the future career and job that I aspire to and it was the best opportunity available to me.

I enjoy working in a state-of-the-art campus right in the heart of Cardiff. I also enjoy just getting on with the work and being able to work towards what I want. There are several opportunities such as study visits that we can have along the way. The whole experience is just great!

The College has helped me with my future career as there is a lot of help available, there's people I can speak to and programmes like the Career Ready programme. The tutors have got lots of experience in the workplace so they are able to help me.

I have just enjoyed the whole College experience overall. It's a really pleasant environment and it is great for working.

In terms of what's next for me I am keeping an open mind and I am open to any possibility. Ideally, I'd like to work in the rail industry but I am happy to take whatever opportunity comes my way.

Sean Fairman

Former level 3 Travel and Tourism student

Vocational Access

Our Vocational Access courses offer you the opportunity to develop your skills and confidence to progress onto a course in college and future work.

On all our courses, you will choose two vocational options that you will learn during your course. You can choose from Catering, Health and Social Care, Sport, Public Services, Media, Art, IT, Building Trades, Hair and Barbering, Beauty, Customer Service, Business, Plumbing and Electrical, Performing Arts, Mechanics and Music. We recommend you pick two options that you'd like to progress onto to study or work in.

You will get to participate in group projects or work placements. You also continue to develop your skills in English, Maths, and other areas that will help you with your next step.

YOUR CAVC

At CAVC we want you to achieve your goal. As well as your teachers, we have lots of friendly and expert support staff – in fact, our support for learners was awarded the best in the UK last year! Find out more or get in touch with one of our team to have a chat about how we could support you on www.cavc.ac.uk/support

YOUR FUTURE

Students on our Vocational Access courses have progressed onto courses across the College including IT, Construction, Hair and Beauty, Sport, Health & Care, Art & Design, Music, and more! Other students have secured a job straight after leaving college.

Some learners choose to take GCSEs in English or Maths during their course to help them progress.

When I first joined the college, I studied Vocational Access for two years, and then went on to study MAC Media for one year based at Media Academy Cardiff. From my Vocational Access course, I could have progressed on to courses in cookery, science or sport to a name a few, but I chose music. Having so many opportunities being given to you to pick from was brilliant. I then progressed on to Music and Performance Level 2 and Level 3. My next step is to go to university.

My biggest achievement since being at college has been winning CAVC's best performer 2020 having my talent recognised by people that believe in what I can do was my biggest highlight.

The support I've been given, especially for my tutors, has been brilliant; constantly believing in my ability. I think without that kind of support, I would never have been able to have got to this point.

Mathew Williams

Former Vocational Access and Music and Performance student
