Our sites

City Centre Campus

City Centre Campus is our main hub in the capital city. Just a five minute walk from Cardiff Central Train Station and a ten minute walk from the city centre, this campus includes six different buildings all within a few minutes' walk. Most of our university level courses are taught at this campus. The 16,000m² building in the Central Cardiff Enterprise Zone boasts 130 teaching rooms, including specialist labs, workshops, studios, IT suites, general teaching rooms and two vast learning and skills centres as well as a dedicated Higher Education area.

The campus offers an onsite fine-dining restaurant, spa and salon, coffee shop, convenience store, specialist strength and conditioning gym and refectory.

Within just a few minutes' walk of this building are several specialist facilities. For HE, these include:

CAVC Creative Arts Academy - our brand new dedicated space for art, design and creative courses - with vast studio space and specialist facilities.

CAVC Construction Training Centre - a specialist centre for construction trades and professions.

Cardiff International Sports Campus

With inspirational sporting facilities including a gym, fitness suites, 3G pitches, professional athletics track, classrooms and learning centre. Our Higher Education courses in sport are delivered here where students can study and train in a first class professional sporting environment.

Barry Campus

Our main hub in the Vale of Glamorgan. Several Higher Education courses are taught at this campus including, Childhood Studies and Public Services, Psychology, Computing among others.

This large site houses a huge range of facilities including The Glamorgan Suite restaurant; academi urbasba salon; specialist construction, building services and automotive workshops; a dedicated art and design floor and a wide range of teaching and learning spaces. There is also a busy canteen, shop and coffee shop on site for learners and plenty of on-site parking. Or just hop on a bus from Cardiff or the Vale and get dropped off just outside the campus gates.

International Centre for Aerospace Training (ICAT)

Our International Centre for Aerospace Training is a centre of excellence for aerospace right next to Cardiff Airport. This fantastic facility houses aerospace courses at all levels, including our Aircraft Engineering Degree programme delivered in partnership with Kingston University. Complete with aircraft hangar and several aircraft, ICAT offers a state-of-the-art specialist environment for anyone wishing to enter this industry.

My ambition has always been to be an Aircraft Engineer, ever since I was in high school I knew it was the path I wanted to go down. I wanted to find the best direction to get there. I'm originally from London and there you wouldn't find as many aircraft maintenance training facilities.

That's why I'm here.

I chose to study at Cardiff and Vale College because it has a great aircraft maintenance facility where you can be hands on and gain experience of what it's like being a real Aircraft Engineer. Not many universities give you that.

Learning the theory and getting the chance to put it into practice I have really enjoyed.

My plans once I leave CAVC are to get a job as an Aircraft Mechanic, get experience and finish my B1 license modules so I can become a fully licensed Aircraft Engineer.

I chose CAVC because it was closer to home, easily accessible to where I live and the facilities seemed really good. The thing I enjoy most about my course is the fact that I've met a diverse group of people. Having a smaller class size has definitely made the experience better for myself. You have more feedback, there's a lot more interaction between yourself and the tutors.

CAVC has helped me achieve my future career goals, I think the tutors especially have been excellent in guiding us. They share information with us and help with looking at different job opportunities in the sector that we can access after we've qualified.

The teaching was amazing I just felt very supported.

There was always that 1:1 tutoring that I really needed when I didn't have much confidence.

The facilities of the College were excellent, every year we had new technology and equipment we could explore, I felt my skills were really developing from that.

After I finished at CAVC I wanted to teach so I went off to do a PGCE and then I did my placement here. The staff supported me to achieve my goal to become a lecturer.

What is the right course for me?

Below is a guide to the different types of Higher Education courses and qualifications offered at CAVC.

Foundation Degree (FD)*

Foundation Degrees are studied over two years, full-time (approx. three years part-time) and provide a stand-alone qualification but also offer progression opportunities for further study. A Foundation Degree carries the same weight as two thirds of a bachelor's degree. Upon successful completion of a Foundation Degree, you have the opportunity to 'top-up' to a full degree with one of our partner universities.

Foundation Degrees combine academic and work-based learning and are intended to equip you with skills and knowledge relevant to industry.

Higher National Diplomas (HNDs)

A work-related qualification that will advance your career, give you practical skills and lead to higher study. HNDs take two years to complete full-time and are Level 5 qualifications that are highly valued by employers. HNDs combine academic and hands-on practical and vocational learning that will develop the skills you need for the workplace.

Higher National Certificates (HNCs)

Higher National Certificates (HNCs) are Level 4 vocational qualifications. They take one year to complete full-time and are practical-based courses that can prepare you for either work after completion or studies at degree level.

Diploma of Higher Education (DipHE)

A Diploma of Higher Education, like a HND, takes two years to complete full-time. They are both vocational courses and both carry the same credit value. The difference comes down to the method of assessment. A HND is mostly practical in the way it assesses students, whilst a DipHE follows a slightly more traditional assessment route.

Degree courses – BA (Hons), BSc (Hons), BEng (Hons)

Cardiff and Vale College offers some exciting full degree courses. These are delivered in partnership with a number of universities and equip you with a full degree qualification in your area of interest.

Professional Graduate Certificate in Education (PgCE) / Professional Certificate in Education (ProfCE)

In partnership with the University of South Wales, CAVC offers both these qualifications in Post-compulsory Education and Training to enable you to gain a nationally recognised qualification to teach in the post-compulsory sector.

I'm Joseph, I'm 19 years old and I'm currently studying Foundation Degree Performing Arts. I chose to attend CAVC because as an actor I want to push myself and I felt going to this college I could experiment more to see how far I could go as a performer. My highlight has been working with all the different people and when we are given a script, how differently people see it and how I can take something from that. I think the tutors have been very encouraging, they've told us to go for it and be free. Don't hold back.

We've studied different types of performing like comedy, physical acting and voice acting.

I'm set on going on to USW and pursuing screen acting but I want to improve here and be fully prepared for the next step

University Level Courses at CAVC cavc.ac.uk/highereducation

After finishing my level 3 course at the College I enrolled on the BSc in Cyber Security at CAVC. I found out about the degree level course through my tutors, and thought it would be a really interesting path.

I've found the variation of units in my course really enjoyable, as part of this my assignments involve research which I enjoy as it's independent learning. My favourite thing about this course are the facilities which are available to us, and that we can access all the time.

After finishing this course I would like to progress on to a Masters in Digital Forensics, and then work with the police department to catch cyber criminals.

Gradd Sylfaen (FD)*

Caiff Graddau Sylfaen eu hastudio dros ddwy flynedd, yn llawn amser (oddeutu tair blynedd yn rhan-amser) ac maent yn darparu cymhwyster annibynnol yn ogystal â chyfluoedd dilyniant ar gyfer astudiaeth bellach. Mae Gradd Sylfaen yn gyfwerth â dau draean o radd baglor.

Ar ôl ichi gwblhau Gradd Sylfaen yn llwyddiannus, byddwch yn cael cyfle i ymgymryd â blwyddyn 'atodol' i ennill gradd lawn gydag un o'n prifysgolion partner. Mae Graddau Sylfaen yn cyfuno dysgu academiaidd a dysgu seiliedig ar waith, a'u nod yw rhoi sgiliau a gwybodaeth sy'n berthnasol i'r diwydiant i chi.

Diplomâu Cenedlaethol Uwch (HNDs)

Cymhwyster sy'n gysylltiedig â gwaith a fydd yn datblygu eich gyrfa, rhoi sgiliau ymarferol i chi ac yn eich arwain at astudiaeth uwch. Mae cymwysterau HND yn cymryd dwy flynedd i'w cwblhau ar lwybr llawn amser, ac yn gymwysterau Lefel 5, a werthfawrogi yn fawr gan gyflogwyr. Mae cymwysterau HND yn cyfuno dysgu academiaidd, a dysgu ymarferol a galwedigaethol a fydd yn datblygu'r sgiliau sydd eu hangen arnoch ar gyfer y gweithle.

Tystysgrifau Cenedlaethol Uwch (HNCs)

Mae Tystysgrifau Cenedlaethol Uwch (HNC) yn gymhwyster galwedigaethol lefel 4. Maent yn cymryd blwyddyn i'w cwblhau ar lwybr llawn amser, ac yn gyrsiau ymarferol a all eich paratoi ar gyfer naill ai'r byd gwaith neu astudiaethau ar lefel gradd ar ôl eu cwblhau.

Diploma Addysg Uwch (DipHE)

Fel HND, mae Diploma Addysg Uwch yn cymryd dwy flynedd i'w chwblhau ar lwybr llawn amser. Mae'r ddau opsiwn yn gyrsiau galwedigaethol ac yn cario'r un gwerth o bwyntiau. Y gwahaniaeth yw'r dull asesu. Mae HND ar y cyfan yn asesu myfyrwyr mewn modd ymarferol, tra bo DipHE yn dilyn llwybr asesu ychydig yn fwy traddodiadol.

“

Joseff ydw i, rwy'n 19 mlwydd oed ac ar hyn o bryd, rwy'n astudio gradd sylfaen mewn celfyddydau perfformio. Dewisais fynd i CAVC oherwydd fel actor rwyf eisiau gwthio fy hun ac roeddwn i'n teimlo wrth fynd i'r coleg hwn y gallwn i arbrofi mwy i weld pa mor bell y gallwn i fynd fel perfformiwr. Yr uchafbwynt i mi oedd cael gweithio gyda'r holl wahanol bobl a phan roddir sgrïp i ni, pa mor wahanol y mae pobl yn ei dehongli a sut y gallaf gymryd rhywbeth o hynny. Rwy'n meddwl bod y tiwtoriaid wedi bod yn gefnogol iawn, maen nhw wedi dweud wrthym am fynd amdani a bod yn rhydd. I beidio â dal yn ôl.

Rydym wedi astudio gwahanol fathau o berfformio fel comedi, actio corfforol ac actio llais. Mae fy mryd ar fynd ymlaen i Brifysgol De Cymru a dilyn gyrfa mewn actio ar y sgrin, ond rwyf eisiau gwella yma a bod yn hollol barod ar gyfer y cam nesaf.

Ymwadiad: Mae Coleg Caerdydd a'r Fro yn ymdrechu i sicrhau bod holl ddeunyddiau cyhoeddusrwydd yn coleg yn gywir adeg eu hargraffu. Fodd bynnag, yn ystod y flwyddyn gall manylion cyrsiau fod yn agored i newid adarparu. Mae'r Coleg yn cadw'r hawl i dynnu darpariaeth yn ôl os bernir nad yw cwrs yn ddichonadwy i'w redeg mwyach.

Ar ôl i mi orffen fy nghwrs lefel 3 yn y coleg, cofrestrais ar y cwrs BSc mewn Seiberddiogelwch yn CAVC. Cefais wybod am y cwrs lefel gradd gan fy nhwtoriaid, ac roeddwn yn meddwl y byddai'n llwybr diddorol iawn.

Mae amrywiaeth yr unedau ar fy nghwrs wedi bod yn braf iawn, ac roedd rhan o fy aseiniadau'n cynnwys ymchwil y gwnes ei fwynhau, gan ei fod yn fodd o ddysgu annibynnol.

Fy hoff beth am y cwrs yw'r cyfleusterau sydd ar gael, a'r ffaith ein bod yn cael mynediad atynt trwy'r amser.

Ar ôl cwblhau'r cwrs hwn, hoffwn symud ymlaen at gwrs meist'r mewn Fforensig Ddigidol, ac yna gweithio gyda'r heddlu i ganfod troseddwy'r seiber.
