

# Information Security Policy for The Quality Skills Alliance

## Scope and Purpose of Policy

The purpose of this policy is to ensure the protection of all Cardiff and Vale College Work Based Learning (CAVC WBL) Information Systems, Contract Assets and customer data and to mitigate the risks associated with the theft, loss, misuse, damage or abuse of these systems and assets.

To provide a safe and secure information systems working environment for staff, students and any other authorised users.

To ensure all CAVC WBL's authorised users understand and comply with this policy and any other associated policies.

To ensure all users understand their own responsibilities for protecting the confidentiality and integrity of the data that they handle.

To protect CAVC WBL, its partners and the Contract from liability or damage through the misuse of its IT facilities.

Respond to feedback and update as appropriate, initiating a cycle of continuous improvement.

This policy is applicable to, and will be communicated to, all staff and third parties who interact with information held by the CAVC WBL and the information systems used to store and process it.

## Policy Statement

Cardiff and Vale College Work Based Learning (CAVC WBL) is the lead provider of the QSA Work Based Learning Consortium comprising of 18 sub-contractors – transforming education and training across Wales. We have over 1600 apprentices each year and team of industry experts, sector specialists and knowledgeable and experienced support teams.

We are teaching people in high class industry facilities and centres of excellence across Cardiff and the Vale of Glamorgan; in the community and in workplaces across the region, Wales.

We are proud of our apprenticeship success rate with reaching Welsh Government benchmarks.

Our focus is not simply on qualifications but also developing the skills individuals and employers require for future success.

Subject Sector Areas covered are:

- Aircraft Engineering
- Art, Design and Multimedia
- Automotive
- Business & Financial and Professional Services
- Catering and Hospitality
- Construction
- Child, Health and Social Care
- Hair and Beauty
- Engineering and Electrical
- Financial Services
- Management
- Sustainable Resource Management
- Retail and Customer Service

Since our inception in 2011 the Consortium has been dedicated to sharing best practice, improving standards across all partners, and developing outstanding learning experiences for individuals.

In the provision of these services, CAVC WBL will interact with a variety of information assets, with various degrees of confidentiality. They will also be required to comply with statutory and regulatory legislation, and other applicable requirements to which they subscribe (contractually and voluntary).

To provide interested parties with the assurance that information is being 'handled' appropriately.

CAVC WBL has implemented an effective Information Security Management System (ISMS) that complies with ISO 27001:2013.

The purpose of the ISMS is to manage the information Assets providing assurance of its confidentiality, integrity and availability.

CAVC WBL are also committed to continually improving their ISMS and has established a number of Information Security Objectives. These will be identified from monitoring the performance of the ISMS;

Resulting outputs from regular Risk and Opportunity Assessments, and in cooperation with other interested parties.

CAVC WBL has a responsibility to abide by and adhere to all current UK and EU legislation as well as a variety of regulatory and contractual requirements. Relevant legislation includes:

- Appropriate steps are taken to monitor data linked to this policy and that this data is used to inform and improve practice.

#### **All Staff are responsible for:**

- Treating all learners with dignity and respect, to ensure their own conduct does not cause offence or misunderstanding.
- Being aware of this policy and the procedures and working in a way that does not contravene their contents.
- Working within the requirements of Data Protection and GDPR.
- Communicating effectively with staff to ensure the needs of learners are met.
- Attending CPD events on aspects relevant to the success of this policy and associated procedures.

#### **Learners are responsible for:**

- Attending induction and tutorial sessions to ensure they are aware of the policy and the opportunities it raises.
- Following procedures related to this policy.
- Providing feedback on the policy in learner focus groups and via other opportunities.

#### **Equality and Diversity Statement**

In accordance with College procedures, an Equality Impact Assessment was undertaken for this policy.

#### **Health and Safety Implications**

Health and safety legislation must be considered in relation to Disclosure as we need to be able to ensure the safety of staff and students.

#### **Welsh Language Standards**

This policy does not affect the Welsh language negatively. In accordance with College procedures, this Policy was written with consideration of the impact of individuals as per the Welsh Language Standards.
