Tutorial Policy

Scope and Purpose of Policy

This policy is underpinned by the Group's vision – Inspirational, Inclusive and Influential and will support our work towards the key drivers of Quality, Efficiency and Growth. The policy will incorporate the following principles:

- Those who access Cardiff and Vale College Group must be **free from discrimination**.
- Learners will be supported to enable them to **achieve their potential** whilst in learning, in an environment which removes or minimises disadvantage, takes steps to meet their needs and which encourages participation.
- We will support learners to develop the **skills they need to progress** successfully through their lives.

The purpose of this policy is to acknowledge that whilst the College helps learners to achieve qualifications we also aim to raise their aspirations and self-esteem by developing employability, self-awareness and life skills – **we are creating skilled and employable people**. Tutorial support is an essential element in this and all learners are entitled to a programme of personal and academic development.

What is Tutorial?

This is a timetabled programme designed to ensure that full-time learners are given sufficient support and challenge to enable them to succeed on their programme of study. It provides all learners with a personalised programme of learning, informs and develops learners' wider skills and ensures that all learners are supported in their programme of study.

The tutorial programme covers a wide range of essential topics aimed at learner skills development, active wellbeing and personal development/growth. It is delivered via a mixture of timetabled sessions and online content and is a vital part of a learner programme of learning.
